January 2024

Dear Prayer Chain Participant:

Greetings in the Name of our Lord! Thank you for choosing to share in this vital ministry of the North Baptist Church. While we are all encouraged to pray continuously, it is important that we have the proper information and details about special needs that helps those prayers be given in a specific rather than general way. Your conscientious participation in this prayer chain makes reaching this goal possible. You are greatly appreciated!

Enclosed is an updated Prayer Chain. Please discard your old list so that you will be calling the current people in proper sequence. Below are some suggestions to help make this important ministry more effective:

1. Anyone can start the Prayer Chain by calling me or leaving a voice mail on the church phone. We will start the Prayer Chain as soon as possible. We may contact you for additional information if we are unclear about something in the message.
2. It would be helpful if you would state the request exactly as you heard it when calling those on your list. It would be best not to add anything or use the time to socialize. Many times the details get distorted along the way and may be confused by the time everyone has been contacted. We can keep this from happening by being brief and concise.
3. Please call the person who follows you on the list. If you get no answer or only the answering machine, leave a message and continue on the list until you reach someone in person. This will ensure that the request continues to be shared until the last person on the list is contacted.
4. If you are the last person in your column, please contact the church office at 614-888-4506 and leave a message stating that your column has been completed. This will help us ensure that the process is working as it should. Again, you are all greatly appreciated.

In Christian love and ministry together,

Tim and Sandy McCarthy
